

Mother Kelly's Stratford, E20

That's it for now folks... We have closed Mother Kelly's Stratford until further notice.

Following our government's announcement on Friday 20th March, we will be shut until further notice. These are indeed tough times that we are living in and we feel that the most important thing is the safety of our customers and team.

It is a huge relief knowing that we will receive support from the government to help pay our staff and keep the business afloat. We hope to be trading again one day soon!

We've got a strong community here in the East Village and we are proud to be part of it. We'll be back before you know it.

Stay safe E20! MK Stratford xx
